Business of the Year

The Wellington Area Chamber of Commerce/CVB values the efforts and accomplishments each business makes throughout the year. Each year we recognize one business at the Chamber's Annual Meeting and Celebration as the "Business of the Year". Chamber members in good standing are eligible to receive the award. The Board of Directors will make the final determination on the recipient of the award by the amount of votes and qualifying merits specified for each business. Board members of the Wellington Area Chamber of Commerce who represent nominated businesses will be asked to excuse themselves from the voting process. Any business nominated should have contributed to the betterment of the community during this year in some way; i.e., community service, public service, visual enhancements, etc. All nominations must have comments regarding why this business should be chosen as the Business of the Year. Each nomination form must be signed to be eligible.
